

# GIRL SCOUTS OF OHIO'S HEARTLAND

## Participate in Riverfest 2024

Central Ohio is fortunate to have clean and abundant water resources including more than 100 miles of water to paddle along the Alum Creek, Big Darby Creek, Big Walnut Creek, Olentangy River, and Scioto River, Licking River within Delaware, Franklin, Pickaway, and Madison counties.

**Record a 2–3 minute video of your troop on what it means to have clean water and how you can keep our water healthy and clean!**

Additionally, send in your design ideas with your video on how you would portray your message on a rain barrel.

## What is in it for you?

Selected troops will have the opportunity to design and showcase their rain barrels during Riverfest on **June 8, 2024**, at the Scioto Mile hosted by the Mid-Ohio Regional Planning Commission and its partners. Riverfest is in partnership with the Greater Columbus Arts Festival. All troops who enter will have the opportunity to meet with their local soil and water conservation districts to learn about protecting our natural resources and explore careers in conservation.

**Submit your video and design assets at [www.bit.ly/girlscoutsriverfest](http://www.bit.ly/girlscoutsriverfest) by May 1 at 5:00pm.**
